

"KZN Regional Championship News"

Dear SEMAS KZN Parents,

We held our Regional Championships on the 17th of September, and we wanted to share the day and some photos with you all. 148 Children took part in the championship. The feedback that we have received is very positive, and I am thrilled that as a whole everyone, from the parents to the children, enjoyed their experience on Saturday. We sure did! I don't remember when last I smiled so much! It was fantastic watching the children whizzing through their papers. We are all exploding with pride for what the children achieved on Saturday! Myself and my amazing team all agree that we saw some great moments of confidence, and we were thrilled at how the children surprised their parents so pleasantly with their fantastic performances.

Every child, no matter whether they went home with a medal or a trophy left the day with something: Some a lot more enthusiasm, some a determination to get the Champion of Champions trophy next year, some with a whole lot more confidence in themselves and most had a happy heart. Primary objective achieved!!

We would like to congratulate our brave young demo children for standing up in front of close to 500 people doing mental demonstrations on the stage. It is a lot of pressure up there, and they all confidently and competently did their sums and absolutely amazed the audience. We were all very impressed with them.

We would also like to congratulate all the children selected to go to Johannesburg. 64 of those children will be attending the Nationals which is really an exciting event. We have strong contenders from KZN and we look forward to seeing our children excel in Johannesburg.

Tracy and the KZN Team

A very big thank you goes to our KZN parents and to Mary Young from Verity Preparatory School who helped to make our day a success. Without you, we would never have accomplished all we had to accomplish in just one day! Thank you all for your time and your valued input.
